## About Me

Currently employed as an Aggregate Quality Control Supervisor with 3+ years of experience in a leadership role, with over 6 years of Quality Control experience. I am passionate about Software Development and learning how the web works.

## EDUCATION —

Hunter High School, West Valley City, Utah.

University of Utah Full-Stack Software Development Bootcamp, Salt Lake City, Utah.

## Additional Certification —

UDOT WAQTC Certification.

University of Utah Full-Stack Web Development Bootcamp Certification

## EXPERIENCE

*January 2013 – December 2014*  
Busser • The Old Spaghetti Factory

*December 2014 – December 2016*  
Missionary • The Church of Jesus Christ of Latter Day Saints

*March 2017 - Current*  
Aggregate Quality Control Technician • Supervisor • Staker Parson Companies.

## Duties

### The Old Spaghetti Factory

- Cleaned and prepared tables for new customers in a thorough and timely manner.
- Keep customers happy and satisfied.
- Keep the workstation clean.
- Ensure the restaurant was clean at the end of each night.

### Staker Parson Companies

- Collecting samples and email results in a safe, efficient, and accurate manner.
- Keep the laboratory clean.
- Work with superintendents at all pits to ensure they are making the highest quality product possible.
- Certify material to be used in UDOT certified Concrete and Asphalt mix designs.
- Sample material with other agencies on jobsites to ensure results are correct.
- Send material submittals to customers for Engineer approval on jobs.

## LEADERSHIP

---

### The Old Spaghetti Factory

- Trainer for new employees.
- Closer busser. Checked off other bussers sections before they went home. Worked with managers to make sure my own sections, and the restaurant, was clean before clocking out.

### The Church of Jesus Christ of Latter Day Saints

- Trainer for new missionaries.
- District Leader: Prepared and lead weekly meetings for 8-10 missionaries. Set new weekly goals and follow up on goals.
- Zone Leader: Prepared and lead monthly meetings for 16-20 missionaries. Set new monthly goals and followed up on goals.

### Staker Parson Companies

- Trainer for new employees.
- Supervisor over three Quality Control labs, covering 14 different gravel pits and quarries. Participated in bi-weekly meetings with all superintendents and managers over the pits, quarries, Asphalt and Concrete departments to go over the sample results, and to set expectations for the following weeks.
